

NEW PRODUCT

Leucanthemum Sweet Daisy Christine (P)

Leucanthemum Sweet Daisy Christine has classical looks and improved characteristics. This new variety features a very pleasing, naturally compact growth with an abundance of flowers.

The robust blooms on this early-flowering daisy produce brilliant white, yellow-centred flowers in a dense profusion, absolutely essential for anyone who loves a cheerful, natural look.

- * **Naturally compact habit**
- * **First year flowering**
- * **Large, clear white flowers on sturdy stems**
- * **Perfect for patio containers or as a statment plant in the garden**
